NUMBER 27

Republicans Win By Big Majorities

Lehi Rolls Up Big Vote For G. O. P.
Candidates—Progressives Go Back
to Their Old Love—Details of City
Election.

The election in Lehi last Tuesday resulted in a majority for every man on the Republican ticket, excepting in the case of Henry East, who secured a majority of 28 over Marion Clinger, his Republican opponent. Bishop Gardner for county commissioner secured the largest vote on the ballot, his majority over Huish being 311. Win. Wing was a popular candidate, and although his vote was less than Mr. Gardner, his majority over Beck was 317. Senator Smoot's majority was 185, E. O. Leatherwood's was 194, McCarty's was 198, and Matheson's was 171. The average Republican majority was 192.

There were two surprises, the small number of Progressive ballots being less than 25, and the large number of Socialists being an average of over 30. The query arises, what has become of the 235 Progressives of two years ago. Both of the Republican precinct candidates were elected. The great number of scratches delayed the final count till about 3 o'clock Wednesday morning.

Every district in the city went Republican on the congressmen, which means that all four registration officers will be Republican.

A detailed vote of the county will be found on another page. The detail of the Lehi votes follow. The judges did not keep a separate count of the Progressive votes, but they reported that it would probably reach about 20 to 25 in the four wards. The candidates being the same as those on the Democratic ticket they are given together. This list is official and were totaled with an adding machine.

Severely Burned With Gasoline

Last Thursday, while pouring some gasoline out of a bottle onto a gas stove, the gasoline caught fire,

exploded and severely burned Mrs. D. M. McVicar on the arm, neck and face. A doctor was immediately called and dressed the wounds, which were most painful. It is thought there will be no permanent scars.

The flames from the burning oil filled the room and there was considerable excitement for a time. John W. Edwards, who saw the flames, rushed in and extinguished them.

But a few months ago Mr. McVicar was severely burned with a gasoline explosion.

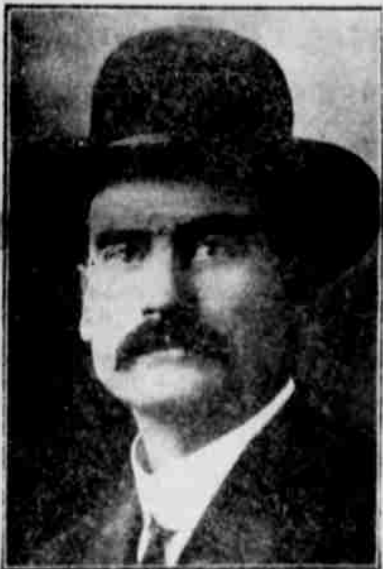

Lehi Men Elected On County Ticket

Lehi was well taken care of in last Tuesday's election. Three of our citizens were honored. They are all tried and true men and will give a good account of themselves.

JAMES H. GARDNER

Four year term County Commissioner, whose excellent record two years ago had much to do with his election this year.

HENRY EAST
County Sheriff

One of the two Democrats who escaped the landslide which buried the Democrats. Mr. East's efficient record of the past two years carried him to victory.

JOHN W. WING

Who will be a member of the next legislature, which will frame a law submitting the question of state wide prohibition to a vote of the people.

Prof. Hopkins Father Dies at Kanosh

A telephone message Wednesday morning announced the death of Mr. C. W. Hopkins at Kanosh, Millard County. He is father of Mr. W. Karl Hopkins, who with Mrs. Hopkins, were present when he passed away.

The cause of death was blood poisoning, caused by a simple scratch on the back of his hand. Mr. Hopkins was a prominent citizen of Millard County, at one time being its county commissioner. He was born in Lehi.

Funeral services were held yesterday. The Lehi High School, the teachers and trustees sent some beautiful floral tributes.

Canning Co. Locates On Orem Road

Site Chosen Lies On Third North,
West of Fourth West Street, Be-
tween the D. & R. G. and the In-
terurban Rail Roads.

The new canning factory will build on the Interurban railroad, between this road and the Rio Grande; on the property formerly the home of James G. Gray. The thing which determined the stockholders in making their selection was the advantage it had for shipping purposes. The fact that the Orem road would give shipping facilities to the leading domestic centers of the state and the D. & R. G. would be available for shipping to points out side of the state, was the argument which determined the selection of the Interurban site over one offered by S. W. Ross, located on the north side of the Salt Lake Route at the foot of Cemetery street next to the home of Leonard Peterson. The advantage of the Ross site was its close proximity to the tomato growing district. But the competitive shipping facilities, its centrality as far as the north and south are concerned, and the offering to give or at least lease at a nominal rental, the Interurban site was the determining factor in the selection of the latter site.

Mr. W. C. Orem, president of the Salt Lake and Utah Railroad, sent a representative to Lehi and made the offer to give the company over an acre of ground and put in all necessary tracks and spurs without cost to the canning company. The generous offer was accepted.

The site on which the building will be commenced at once lies on the south side of Third North, between Fourth and Fifth West Streets. It is the intention ultimately to can asparagus, beans and sauerkraut. As these products will be grown on lower land, the location will be most convenient for this class of growers as well as the growers of tomatoes and fruit. It will also be convenient for the farmers over Jordan.

Thomas Jones made the motion choosing the Interurban site and J. S. Evans seconded it, and Henry Lewis, representing the People's Co-op stock, made the motion to make the choice selected unanimous, which was done.

There are now over fifty-five stock holders in the company and the subscription books will be kept open till the amount of \$15,000 has been subscribed. As ultimately it is supposed that sufficient tomato acreage will be obtained from stockholders alone, it is thought that the few remaining shares will soon be obtained. The directors of the company will not be selected for probably another month.

Big Cattle Drive

The stock men of Lehi had their annual cattle drive this week. Practically every stock man in town spent several days in the West Mountains, under the leadership of Israel Evans and A. H. Bone, and searched every hill and hollow for the "last head." Some of the riders went over the mountains into Tooele and Ophir canyons. In all some thirteen hundred head of stock were secured that have been summer grazing in the West canyon.

The stock generally is not looking so well as last year. The prices also are a little less, top stuff bringing five and a half cents on the hoof as compared with six and a half last year.

The cattle ready for beef will be marketed. Some will be put in the fattening sheds, but the larger part of the stuff has been turned into the fields to clean up the ditch banks and remaining grass and alfalfa.

Baker Child Buried in Lehi

Afton Baker, the ten-year-old daughter of Mr. and Mrs. Ellis Baker, died Sunday at their home in Mid-

vale, after an illness of ten months. The cause of her death was meningitis of the brain. Mrs. Baker is a sister of Mrs. Richard Hutchings of Lehi, and the body was brought to her home Monday. The funeral services were held at the Hutchings residence 10 o'clock Tuesday, and the remains were buried in the Lehi cemetery.

Mr. and Mrs. Albert Tigaskis, Mrs. Olive Doffs of Bingham, Mrs. Zina McCandless and Mr. and Mrs. John Smith of Midvale, accompanied the parents to Lehi and remained here until after the funeral services.

Ex-Mayor Roberts Ill

John Roberts, one of our leading townsmen, has been very ill with kidney trouble for the past week, and has been unable to be at his work in the People's Co-op. Some days he is confined to his bed, other days he is able to sit up some.

MRS. OLA LARSON DIES

Mrs. Ola Larson, a former resident of Lehi, died at her residence in Logan, last week, from a complication of lung troubles. She has been seriously ill for some time. Her daughter, Mrs. Ruben Worlton, and other children, were at the bedside when the end came.

Mrs. Larson was the mother of Mrs. Anthon Hanson, Mrs. Warren Schow and Mrs. Ruben Worlton, and with her husband lived on the Lehi Experiment farm.

THE LEHI HOSPITAL OCCUPIES NEW HOME

Dr. Fred Worlton, this week moved his hospital into its new home in the T. R. Cutler residence on State Street. Because of the large clientele which the Lehi hospital has built up larger quarters became an absolute necessity.

The new home is one of the best in the state, outside of large cities, for hospital purposes. The success that has attended the operation performed there has had much to do with its wide and growing popularity. The treatment has been given under more crowded conditions.

CHANCELLOR GEORGE H. BRADFORD

One of the great national characters in educational and religious circles is Chancellor George H. Bradford of the Methodist University of Oklahoma. His lectures are full of thought and inspiration, and it would be useless to attempt to approximate the number of men and women who have done greater and better things after coming under his influence.

It is natural that Dr. Bradford should be particularly interested in education. The secret of his success in that line seems to be almost entirely within himself. The opportunities he had were not to be compared with those of the

great majority of young men and women today. No one paid his expenses in school nor gave him a high salaried position after graduation from college. By hard work he succeeded in completing his course and immediately he began as a preacher in a mission church. His salary consisted of the coins tossed into the collection basket.

Today, although in the prime of life, he is considered one of the greatest educational counselors. He is a member of the national educational board of the Methodist Episcopal Church, and as a lecturer, preacher and educator he is among the very best. Dr. Bradford is in every way a great man.
